

POLICY ON QUALITY AND ENVIRONMENT

Quality policy

We are committed to achieving customer satisfaction by supplying superior quality grade tubing and services that are delivered on time. We will accomplish this by continuing to improve our capabilities, complying with requirements, and maintaining the effectiveness of the quality management system.

Environmental policy

We are committed to protecting the environment and preventing pollution when manufacturing and supplying tubing for demanding applications. We will accomplish this by continuously improving our environmental performance, complying with applicable environmental laws and other environmental requirements, and maintaining the effectiveness of the environmental management system.
