

RoHS Statement

Thailand, 24.January.2025

Dear Customer,

Based on the information given from our suppliers, the raw materials we use for manufacturing of this/these article(s) do not contain the substances below as intentional additives. Additionally, if any of them are present, they comply with the maximum allowed concentration values (MCVs):

Lead (Pb) < 0.1 %
Mercury (Hg) <0.1 %
Cadmium (Cd) < 0.01 %
Hexavalent chromium (Cr VI) <0.1 %
Polybrominated biphenyls (PBB) <0.1 %
Polybrominated diphenyl ethers (PBDE) <0.1 %
Bis(2-ethylhexyl) phthalate (DEHP) <0.1 %
Butyl benzyl phthalate (BBP) <0.1 %
Dibutyl phthalate (DBP) <0.1 %
Diisobutyl phthalate (DIBP) <0.1 %

which are specified by the directives:

- **2011/65/EU (RoHS II)** at June 8, 2011, which must be followed in the manufacturing of all equipment categories (1-11) from July 22, 2019
- **(EU) 2015/863 amending Annex II** at March 31, 2015, which must be followed in the manufacturing of equipment categories 1-7 and 10-11 from July 22, 2019 and in the manufacturing of equipment categories 8-9 from July 22, 2021

Optinova (Thailand) does not intentionally use any of the concerned substances at our plant site nor generated during production of any articles. We are also regularly checking eventual updates and exceptions of the RoHS-directives above to see if they are affecting our business, and to the best of our knowledge none of the ones made to date are critical.

Please be advised, this statement of compliance is true to the best of our knowledge of the facts and regulations. Furthermore, please be aware that the above mentioned does not release you from your obligations under the RoHS regulations depending on your role in the supply chain and/or your business model.
