

REACH Statement (SVHC)

Jomala, [23.02.2026]

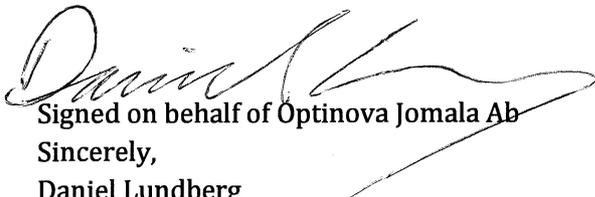

Dear Customer,

Please be advised that, regarding the list of Substances of Very High Concern (SVHC), as updated and published by the European Chemicals Agency (ECHA) on **4 February 2026**, our suppliers confirm that the materials used for the manufacturing tubing supplied to you are free of the **253 listed substances**. Therefore, the substances can be present, if any, only in concentrations below 0.1% (w/w).

Optinova Jomala Ab does not add any of the concerned substances in the manufacturing process. We do not routinely analyze our products for the concerned substances, nor do we require our raw material suppliers to do so. Optinova Jomala Ab does not have control or complete knowledge of the end use or application of our products. Therefore, the decision to comply or not within specific regulations must ultimately rest with your company.

Please be advised that this statement of compliance is true to the best of our knowledge of the facts and regulations. Furthermore, please be aware that the above-mentioned does not release you from your obligations under the REACH Regulation depending on your role in the supply chain and/or your business model.

This statement has been issued to the best of our knowledge.

Signed on behalf of Optinova Jomala Ab
Sincerely,
Daniel Lundberg
QA Manager, Jomala Ab
